DETAILED ACTION

1. Claims 1-30 are allowed.
2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
3. Authorization for this examiner's amendment was given in a telephone interview with Mr. Prescott on December 07, 2004.

In claim 11, line 1, delete "first".

This change was made to provide proper antecedent basis for the claim.

4. The following is an examiner's statement of reasons for allowance: none of the cited art discloses a flat panel antenna monopole or dipole, formed from a conductive loaded resin-based material, a bobbin, also formed of the conductive loaded resin-based material, and being attached to the antenna element by connection elements, and coil of conductive wire, having two ends connected to a coaxial cable, being wound around the bobbin.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2821
